

Safe or Unsafe Scenario Discussion Cards

You are on a website when a page pops up saying that you have won a prize but you haven't entered any competitions.

Safe or unsafe? Why?

You find a website that says you can stream all your favourite films and TV shows for free. You just need to provide your name, email address and bank details.

Safe or unsafe? Why?

Playing games online is not safe.

Do you agree or disagree Why?

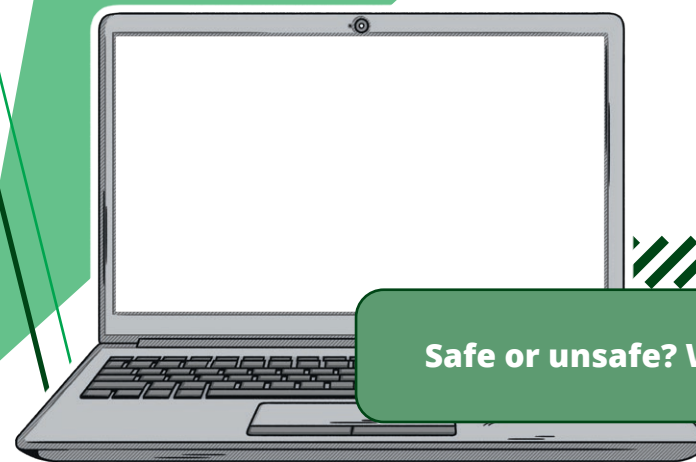

You start talking to someone whilst playing a game online and they ask to meet up.

Safe or unsafe? Why?

twinkl.com

Someone has asked you to send them pictures of you and your family.

Safe or unsafe? Why?

twinkl.com

All games online are suitable for children.

Do you agree or disagree? Why?

twinkl.com

Once you close your browser, all the messages that you typed or any pictures that you sent will be gone.

True or false? Why?

twinkl.com

A stranger asks you random questions like 'What is your mother's maiden name?' or 'What was your first pet's name?'

Safe or unsafe? Why?

You receive an email from someone you don't know.

Safe or unsafe to open it? Why?

You are talking to a person online and they ask you to turn on your webcam.

Safe or unsafe? Why?

You notice that someone has created a fake profile for you on social media. It is full of nasty comments and horrible pictures.

What should you do?
