

I want to continue my family business. It was started many years ago by my great-grandfather and I want to take the business from strength to strength.

I want to be able to provide for my family. I want to be able to take them on holiday and buy luxury items.

I want to help people. I think it is important to make sure everyone's human rights are met so I would like to work for a charity that helps this happen. To start with, I will volunteer to gain some experience.

I really enjoy caring for people. I want to do a job where I can create lovely meals, serve customers and make people feel looked after!
